

WAITS RIVER

Miss Amelia Jahn, Who Died at Northampton, Mass., Was Much Respected.

Miss Amelia Jahn, a life long resident of our village, passed away at Northampton, Mass., Sunday afternoon from a complication of Spanish influenza and heart trouble. Funeral services, which were private, were held at the home of Mrs. Kate Lee Tuesday morning and interment was in the family lot at the Wells River cemetery. Rev. Donald Fraser officiated. Miss Jahn was born in Switzerland in November, 1885. In company with her father, sister and brother, she came to this country when a small girl, locating in Lebanon, N. Y., where she resided until the death of her father, when she came to Wells River, where she lived. She was a devoted mother and a devoted sister. She was a member of the Congregational church and the Christian Endeavor and one of the most popular of the younger set. She leaves only a sister, Matilda, to mourn her loss, besides a great many girl friends.

Peter Bedor, a former resident of Wells River, died at the home of his sister in Woodville Sunday from pneumonia. Peter lived in Wells River for many years, working first in the old vanner mill, where he lost one hand, after which he worked at odd jobs until this summer, when he went to work for the Adams Paper company, where he was employed at the time of his death. He leaves a father, mother and several sisters and brothers, all residents of Woodville.

Mrs. Kate Lee and Mrs. Buck returned from Canada on Monday, their return hurried on account of Miss Jahn's death. The epidemic of grip in Wells River and locality is lessening, very few new cases being reported and the older ones rapidly gaining. We all believe and hope that the worst in this section is over.

Avoid Spanish Influenza Build Fighting Strength with Father John's Medicine

If you find yourself tired, weak or losing flesh this warning should be heeded promptly. You are in real and very great danger, because the germ of this epidemic is especially contagious and in your weakened condition should you come in contact with it you would fall an easy victim.

The commonsense preventive is to begin taking Father John's Medicine at once because the pure food elements of which this old-fashioned, wholesome body-builder is made are easily taken up by the system and turned into vital, resisting energy; giving you fighting strength to ward off the influenza germ. The gentle laxative effect of Father John's Medicine drives out impurities.

Remember, Father John's Medicine is not a stimulant. It is guaranteed free from alcohol or dangerous drugs.—Adv.

Ailments of Women.

There is no denying the fact that thousands of American women drag along day in and day out, suffering with these ailments peculiar to their sex, which make life a burden. If women who suffer from dragging-down pains, inflammatory, ulcerated or catarrhal conditions would only give that greatest of all remedies, Lydia E. Pinkham's Vegetable Compound, a trial, they would readily find relief from such suffering, as the many letters of commendation constantly being published prove.—Adv.
